Portaferry

Portaferry Integrated Primary School – The Journey

Our journey began in ninety five,
We had the focus, the will and the drive,
To transform and be integrated in every
way,
Through all that we do and all that we say.

Over the years, through good times and
bad,
We've never looked back, we've always
been glad,
To offer a choice to the folks around here,
And bring children together in peace and
good cheer.

Together in harmony, we work learn and
play,
Growing in knowledge and respect every
day,
As our journey continues, our greatest
wish by far,
Is to keep making a difference and value
who we are.

Our Millennium 'hands' wall – June 2000
